Irrigation Systems

Our irrigation systems fit any planter, reducing watering by delivering water directly to plant roots, ensuring optimal hydration and minimizing waste.

Lift Channels

Designed for large, heavy planters, these channels allow safe, easy movement with pallet jacks or forklifts, maintaining design flexibility and maximizing efficiency.

Water Sealing

Our water sealing option protects planters from moisture damage, ensuring durability and integrity.

Accessory Pocket

These planters feature integrated compartments for lighting, audio, power, and data. A compatibility chart is available for standard fixtures; custom solutions can be explored.

False Bottom

False bottoms lighten large planters by reducing soil while creating a water reservoir to extend watering intervals, and save on materials and maintenance time.

Drain Holes

Drainage holes are available on all our planters. Simply let us know your preference.

Bioretention

This engineered layer filters rainwater, removes pollutants, and promotes slow release into the surrounding soil or storm drain system, thereby reducing runoff and improving water quality.

Tie Downs

Tie downs in planters secure trees and large plants, ensuring they remain stable, upright, and centered through evenly distributed ties, promoting proper growth and preventing damage.

Refuse Container

Transform your planter to a refuse container with a variety of lid options and liners.

Casters

Select planters can have recessed casters for mobility, discreetly built into a reinforced, raised base for smooth rolling without affecting aesthetics.

Matching Saucer

Prevent surface staining and water runoff with our matching saucers. Seamlessly integrated, they enhance functionality and aesthetics with a perfect color and finish match.

Bottom Reinforcement

For planters needing anchoring or lacking ground structure support, additional base reinforcement ensures stability and prevents damage.

Trellis

Optimize your commercial landscape with our durable and customizable trellis, engineered to support vertical plant growth and elevate aesthetic appeal.

Wall Hanging Planters

Wall scaping made easy with adjustable bracket mount points for easy and secure on-site wall planter install. Choose from standard or built in hidden brackets.

Scoops

Square and rectangular planters connect end-to-end with hidden "scoops" for seamless, continuous planting beds.

Anchor Plate

For increased stability, add an anchor plate to your planter to distribute weight and prevent tipping.

Custom Colors

We provide 13 custom color options and finishes for our Fiberstone/GFRC products, 24 color options and 4 finishes for our Fiberglass products. Armorecoat and premium metallic colors available.

Custom Dimensions

Custom dimensions available on all planters.

We offer a variety of customization options, but availability may vary by product. To discuss creating a custom order or inquire about specific options, please scan our QR code, visit our website, or call us.
